

UP-GRADE - PROTECTED PURCHASE INSURANCE

ITS CONDITIONS.

ASSIST-CARD is not an insurance company. Nor does it subscribe with its card holders any insurance policy. The insurance included in ASSIST CARD products – and their upgrades – are covered by policies contracted with local insurance companies, whose data and policy number are expressed in the Particular Conditions.

The present up-grade improves and replaces the top indicated in Clause D.6 “PROTECTED PURCHASE” of the Particular Conditions of the ASSIST-CARD product selected and purchased by you. If your card does not include this insurance, the present up-grade enables the addition of this benefit to the Particular Conditions of your “voucher”.

The present Up-grade is commercialized by Willis S.A. and is exclusively applicable to products of international validity.

The choice and acquisition of the present benefit “UP-GRADE OF PROTECTED PURCHASE” implies on the part of the card holder knowledge and acceptance of the terms and exclusions of the service stipulated in the present contracting conditions.
